## German Attack Foe South of Belgrade

### CAPITAL IS IN HANDS OF FOE

Three Quarters of Belgrade Is Destroyed by Terrific Shell Fire.

### SERBS RETREAT TO MOUNTAINS

Two Days' Desperate Fighting Precedes Downfall of Nation's Capital.

LONDON, Eng., Oct. 11.—All the Austro-German forces gathered on the Danube front for the invasion of Serbia have crossed that river and the Teutons are attacking to the south of Belgrade, which they captured late last week, the Berlin war office announced today.

The Serbians are not expected to make a stand south of the city, but to retreat to the mountains, about 30 miles south of Belgrade. These form an admirable defensive line, as was shown during the Austrian invasion last year.

The occupation of Belgrade was made good after two days of desperate fighting in the streets of the city, according to descriptions telegraphed to Budapest. It is declared in these that the Serbians are offering bitter opposition to the advance, fighting stubbornly and retreating only step by step.

Much of Belgrade Destroyed.

Three-quarters of the city of Belgrade has been destroyed by 6000 Austro-German shells and the fighting continues, according to an Athens dispatch to the Paris Mail. "Telegraphic communication between Belgrade and Nish has been cut."

### LATEST BRITISH LOSSES, 21,000

LONDON, Eng., Oct. 11.—British casualties reported since October 1 were more than 21,000. The week and casualty list published today gives 260 officers and 4360 men. This brings up the total casualties published in the London papers since the first of the month to 91 officers and 26,353 men.

### GERMANS HAVE SUBMARINE BASE ON BULGARIAN COAST

Petograd, Russia, Oct. 11.—Reports from Sebastopol state that Germany has established submarine bases at the Bulgarian ports of Varna and Burgas, on the Black sea. It is assumed that it was from these bases that the German submarines mentioned in Saturday's Russian war office report, approached the Crimean coast, from which they were driven by Russian destroyers.

A large number of Austrian and German airplanes are reported to have crossed Serbian territory in the direction of Bulgaria.

Six thousand men, described as Bulgarian reservists from Germany, have been held at the Rumanian frontier on suspicion that they are Austrian and German engineers and officers. The Rumanian government demands that these men be identified.

### BULGARIA MAKES CHANGES IN THE CABINET LIST

Sofia, Bulgaria, by way of Berlin, Oct. 11.—Premier Raduloff will take the portfolio of foreign affairs in connection with his office of prime minister, relinquishing the ministry of the interior, which will be taken over by former burgomaster Cristo Popov.

Gen. Newdenow had been appointed war minister to succeed Gen. Joffe, who has been appointed commander in chief of the troops.

### Electric Chimes and Two Calliopes to Play For El Paso

TWO weeks from today, El Pasoans will be treated to a concert such as they never heard before. Between 5 and 6 o'clock in the afternoon, in front of The Herald office, a steam calliope, a pneumatic air calliope and an immense set of electric chimes will render a program of popular numbers in concert.

These gigantic musical instruments are the property of the Al G. Barnes Wild Animal circus, and through special arrangements with Mr. Barnes himself, The Herald has secured these instruments to give a concert in Pioneer plaza, in front of The Herald building, on the first day of the circus, Monday afternoon, October 25, between 5 and 6 o'clock.

A special program will be arranged for the concert, consisting of various popular numbers. The public is asked to submit selections desired and the program will be arranged as nearly as possible in accordance with the selections desired by the public. The concert will be over in ample time for everybody to attend the circus.

This will be the first time three such gigantic instruments were ever heard in concert in any city.

### VILLA PROMISES TO PROTECT ALL FOREIGNERS, BROTHER ASSERTS

Denial is Made that Gen. Villa Said He Was Glad His Responsibility Had Ended; Carrancistas Allege Denials of Villa Forces, But Villistas Deny It; Villa Claims Capture of Cananea.

FOLLOWING the report to him that the Pan-American conference had agreed to recognize the government in Mexico of Venustiano Carranza, Gen. Francisco Villa, head of the so-called "Conventionalist" army in northern Mexico, left Juarez for Casas Grandes with his military staff and a troop train Saturday afternoon.

Advised with Villista headquarters in Juarez Monday morning that Gen. Villa reached Casas Grandes Sunday morning, with only one stop for the repair of track on the way.

Gen. Villa's brother, Col. Hipolito Villa, vigorously denied the statement attributed to his brother to the effect that he no longer felt himself responsible for the lives or property of Americans or other foreigners in territory under his control.

"Gen. Villa said just before he left for the Casas Grandes district on Saturday evening," said Col. Hipolito Villa, "that Americans and all foreigners in his territory would continue to receive all the protection and facilities in his power to give them, as before. The statements that my brother has declared himself released from all responsibility for the lives and property of foreigners under the conditions demanded by the recognition of the Carranza government, are one and all absolutely untrue. My brother continues to feel himself obligated to protect and help all people in his territory."

Villa Claims Cananea.

Villa reports tell of the capture of Cananea, Sonora, Saturday afternoon by Villista forces commanded by Col. Beltrán. A train was commandeered at Durango in the morning and troops were rushed to the Cananea district. There was no battle at Cananea, because of the previous evacuation of the town by "Conventionalist" soldiers under Gen. P. Elias Calles, general in command.

Villistas Deny Motley Charge.

In Villista headquarters in Juarez, Monday morning, when a list of names of Villa's former chieftains, said by the local Carranza consul to have deserted Villa, was read, with the report that they had declared for Carranza, a great laugh was set up, and the definite declaration made that all such reports were false. The advice to the effect that four Villista generals in the Casas Grandes valley were on the point of revolt was ridiculed, and the statement that one general with 500 men has deserted camp and was already under way to join Carranza forces in Sonora, was branded as a fabrication.

### NO EMBARGO IS PUT UPON VILLA

No Change in Status at El Paso, According to Officials of United States.

Relations between El Paso and Juarez Monday forenoon remained unchanged, with street cars and customs routine running smoothly under the impending changes as a result of the recognition of the Carranza government in Mexico by the United States and the other Pan-American nations.

Talk of an embargo on arms and ammunition calling for a change in relationship between the city of El Paso and Juarez, guards were not doubled at either the bridges or along the river bank. The same number of customs and military officials handled the situation Monday morning.

Just the same, no armament or arms were taken to Juarez Monday and it was rumored, but not confirmed officially, that if such a shipment was attempted, it would be stopped.

No armament has been exported to Mexico since Saturday morning, customs officials declare.

### EMBARGO ON ARMS IS PUT ON AT NOGALES BY U. S.

Nogales, Ariz., Oct. 11.—An embargo on arms and ammunition was put into effect here last night and is being strictly enforced. The officials are searching all vehicles for munitions going to Sonora.

### ARMS FOR SHIPMENT TO SONORA BARRED BY UNITED STATES

Douglas, Ariz., Oct. 11.—Embargo has been placed on arms shipments to Sonora, which is controlled by the Villista-Maytorena faction.

### CARRANZA AND FEDERAL MONEY GAIN IN VALUE

Carranza currency and the old issue of Mexican Federal currency took a big jump in price in El Paso Monday, following the recognition by the Pan-American conference of the Carranza government. Carranza currency, which has been around 5 cents for a month, was in demand Monday at 11 cents, and Mexican federal currency, which has been 12 cents for some time, went to 24 cents. Villa's Chihuahua currency, which has been 1-10 of a cent, dropped to 1-4 of a cent on the dollar.

### VILLISTAS REINFORCE GARRISON AT GUAYMAS

Guaymas, Mex., Oct. 11.—A military train arrived here today with four pieces of artillery, two machine guns and about 1000 Villa troops. Advises from Topolobampo report the arrival there of the Carranza steamer Kori-gan II with 300 Carranza troops aboard. The arrival of the gunboat Guerrero was momentarily expected.

### MISTAKES YOUNG BURGLAR

Finds Son of Prominent Resident in Study, Asks Questions and Shoots.

### INFORMS POLICE OF THE KILLING

Says Young Lansing Pearsall Made Motion as Though To Draw a Weapon.

NEW ORLEANS, La., Oct. 11.—The Rev. Byron Holley, rector of St. George's Episcopal church, one of the most fashionable congregations in the city, early today shot and killed Lansing Pearsall, son of a prominent railroad man here. Dr. Holley told the police he shot Pearsall, thinking he was a burglar.

About 8 o'clock this morning the rector telephoned police headquarters he had shot a man who was in the rectory study. The minister told the police that while in his office he heard some one in his study adjoining. Taking a pistol he stepped into the study and saw a man near the door.

The intruder did not answer my questions as to who he was and what he wanted," said Dr. Holley, "and when I ordered him out he made a motion as if to draw a weapon. I fired and the man fell."

### OTHER NATIONS FAVOR CARRANZA

Will Follow Lead of United States in Recognition, U. S. is Advised.

Washington, D. C., Oct. 11.—Chile, Argentina and Peru, the largest of the South American nations, are virtually certain to follow the lead of the United States in recognizing the Carranza government in Mexico, according to further advice received today by the state department from the South American chancelleries.

May Let This Week.

It is expected formal recognition of Carranza government may be accorded this week, possibly through formal notification to E. Arredondo, the Carranza agent here.

Official advice has been received here that the government of Argentina, Chile and Peru are in accord with the decision of the United States to give recognition to the party led by Gen. Carranza as the de facto government in Mexico.

It is known that some of the South American governments long before Saturday's conference had authorized their diplomatic representatives to favor the recognition of Gen. Carranza in the Pan-American deliberations.

President Wilson has received from secretary Lansing a report on the proceedings of the final conference but several days ago he indicated to the secretary his acquiescence in the plan proposed.

### EMBARGO IS COMING

The date for formal recognition has not been decided. Extension of recognition is expected within a week. This will result in an immediate order of an embargo against arms and ammunition, a step which will materially weaken the resources of the Villa element, which intends to continue the fight in Mexico.

Miguel Diaz Lombardo gave out a statement Sunday night on behalf of the Villa faction, declaring that while it was a source of satisfaction that the United States had shown its sympathy with the Mexican Constitutional revolution, it was intended to demonstrate to Carranza that the Carranza party's supremacy was merely temporary.

### PROTECTION FOR FOREIGNERS

Gen. Carranza, American consul general, telegraphed the state department the substance of a long interview he had with Gen. Villa, at Juarez, in which the latter explained that he intended to continue fighting Carranza. No mention was made of withdrawing protection for foreigners as reported in press dispatches, but officials realize that the legal responsibility for protection of foreigners rests always with the recognized government in all parts of the country, whether in rebellion or not. Americans for this reason were recently advised to withdraw from northern Mexico, but many of them have failed to heed the state department's advice. The Washington government during the Taft administration took the position, however, that even

### NEWSPAPERS ATTACK GREY

### COCKPIT IN THE BALKANS

THIS map of Bulgaria and the adjoining territory shows the points where Bulgaria may strike at Serbia and the points at which the allies may attack Bulgaria. A is Varna, the principal Bulgarian seaport, off which a Russian fleet is now lying. At B and C, Bulgarian troops are massed, and at D there is a powerful allied army.

### STRIKERS' COMMITTEE EL PASO, CONFERS WITH GENERAL MANAGERS

The committee includes J. D. Hocker, Dick Walsh, A. C. Beam, E. T. Tarble, Abran Rice, Juan Guerra and Nolveto Gonzalez. They came to Lordsburg from Clifton and Morenci on a special train and arrived early Monday morning in El Paso. They went at once to the Hotel Paso del Norte, where they were escorted by the mine managers, their advisers and E. J. Edwards, of El Paso, general attorney for the mine managers. Adj. Gen. C. W. Harris and Sheriff James G. Cash accompanied the committee to this city for the conference.

### ARMY WATOR FALLS; KILLED

English Papers Blame Government for Failure of Allies in the Balkans.

LONDON, Eng., Oct. 11.—Gains of the Austro-Germans, the downfall of British diplomacy in the near east and the censorship furnish London newspapers with texts for attacks against the British government.

Nothing can be gained, according to the Times military correspondent, by trying to minimize the fact that the Austro-Germans have achieved a signal initial success in the Balkan campaign. He asserts that unless from 20,000 to 40,000 allied troops are sent to the aid of Serbia, and are sent in time, the chances of a successful Serbian resistance are not great.

The dispatch of a small allied force from Serbia, the Times expert says, "is not a military operation and can be justified on military grounds only if it constitutes the advance guard of a large army or if the Greeks or Rumanians are to take the field. It is by no means certain that we should be wise, even if we could find the necessary men, to submit to German dictation in a great campaign in the Balkans, because it becomes us neither."

### Lieut. Talliaferro Meets Death at Trial Grounds At San Diego

SAN DIEGO, Calif., Oct. 11.—Lieut. Walter D. Talliaferro, stationed at the United States army aviation corps school at North Island, fell 1000 feet into San Diego bay this morning and was killed. His body has not been recovered.

### ENGLISH DIPLOMACY HANDICAPPED

The Times thinks the foreign office must bear the brunt of the blame, but it recognizes the handicap of allied diplomacy, especially the handicap of Italy, with her special claims on the eastern Adriatic seaboard, while it says it is naturally impossible for the allied diplomats to make the swift decisions of a single foreign office in Berlin.

"Unless we are misinformed, however," the Times adds, "the British foreign office which from the first had a privileged position in dealing with Balkan people, was entrained by the

BLAVES FIELD, Boston, Mass., Oct. 11.—The Boston Americans again turned the trick with a ninth inning finish today, defeating the Philadelphia pennant winners at the National league by a score of 2 to 1, before 42,300 people. The largest crowd that ever saw a world's series game.

"Dutch" Leonard, the Red Sox portside pitcher, held the Phillies' batters throughout the game, permitting them to score in only one inning. Speaker's batting featured the game, while Packer, rambled the outfield for Philadelphia and cut off several hits. Hooper's hit, a sacrifice, an infield out and Lewis' smash at center put over the final run for Boston.

It was a wonderful day with not a cloud in the sky. An Indian summer sun by noon had driven away the chill in the early morning air.

Boston Is Enthusiastic.

Never were conditions more ideal for a contest and the outpouring of the Boston fans gave promise of a record breaking throng. Boston was enthusiastic over the prize selection, that was expected to be a turning point in the great series that began in Philadelphia last Friday and was interrupted there on Saturday evening with honors even.

Leonard vs. Alexander.

Grove's outfield made his second start in an attempt to hurl the struggling Sox for another defeat.

Managers' Conference.

Pitchers were "Dutch" Leonard, the star portside of the American league, and the Boston pitcher, Alexander, who were more than double the loyal supporters on hand to cheer them than the Phillies crowd in their yard on Broad street.

The lineup for today follows:

Prepared for Victory.

A mighty cheer greeted the Boston players as they appeared on the field a little after 1 o'clock and began their batting practice. Manager Carrigan sent one of his rascals left-handers to the mound to the batting line, to give his club some practice at batting the offerings of a port side pitcher.

In the eighth inning, the pitcher of the Philadelphia team should unexpectedly call his erratic left hander, Alexander, to the mound to the batting line, to give his club some practice at batting the offerings of a port side pitcher.

Before the game a silver loving cup and a large floral horseshoe were presented to manager Carrigan by Boston rooters.

Batteries Announced.

Leonard and Carrigan were announced as the battery for Boston. Alexander and Burns were announced as the battery for Philadelphia.

Umpire Loughlin gave the decisions on close balls and strikes, and Packer gave the decision on bases, while umpire Ritter went to the left field, and Evans to the right.

Stock Gets Two Hitters.
